

Hello District 9!

Palmer to Glennallen, Delta Junction to Valdez and Whittier

If you are unaware, voting tallies are not finished in the Alaska State House.

There was / is a very tight race in District 1 (with the republican in the lead) until Thanksgiving weekend, when it got bizarre. 6 ballots mysteriously appeared which tied the race (no witnesses were present when they were found or counted). A day or two later they mysteriously 'found' another ballot, which put the democrat in the lead. It is my understanding that candidates are supposed to have opportunity to witness vote counting.

You can read more in these 2 articles:

<http://mustreadalaska.com/mystery-ballot-for-kathryn-dodge-will-count-election-officials-say/>

<http://mustreadalaska.com/nevermind-district-1-certified-as-a-tie/>

It is now evident that this will become a legal battle.

ARP is asking for financial help for this. It is important, as the State House's balance of power is in danger of democrats becoming a roadblock to our Governor Dunleavy's vision to Make Alaska Great Again.

Below my signature are 2 letters with 2 ways you can help:

1. Give to ARP - link provided (donors are willing to match your donation).
Go to <http://alaskagop.net> and click the "donate" icon to contribute.
2. Or give directly to the candidate's law firm.

I hope you will help!

Carol Carman

Chair, District 9 - ARP
